MEMORANDUM NO.: (405-000-04-1) - 8

TO: User Agency
FROM: Director, State Purchasing
SUBJECT: Contract No. 405-000-04-1
Title: Gasoline and Fuel Oil

Due to the changes specified under Memorandum No. 7, several Counties were left without Contractors to provide Tank Wagon and/or Transport deliveries of Ultra Low Sulpher Diesel Fuel, commodity numbers: 405-120-260-1000 and 405-120-260-1030. Some Contractors of neighboring Counties have agreed to provide this fuel to the Counties listed below at the State Contract Prices:

Charlotte County: 405-120-260-1030 Transport only.
Citrus County: 405-120-260-1030 Transport only.
Dixie County: 405-120-260-1000 Tank Wagon &
405-120-260-1030 Transport.
Gilchrist County: 405-120-260-1000 Tank Wagon &
405-120-260-1030 Transport.
Holmes County: 405-120-260-1030 Transport only.
Lee County: 405-120-260-1030 Transport only.
Manatee County: 405-120-260-1030 Transport only.
Okaloosa County: 405-120-260-1000 Tank Wagon only.
Palm Beach County: 405-120-260-1030 Transport only.
Pinellas County: 405-120-260-1030 Transport only.
Sumter County: 405-120-260-1000 Tank Wagon only

The Contract Price Sheets have been revised to reflect the above changes

Any questions or problems in delivery or service that may arise regarding this contract should be directed to the Contract Administrator.

October 13, 2006

MEMORANDUM NO.: (405-000-04-1) - 7

TO: User Agency
FROM: Director, State Purchasing
SUBJECT: Contract No. 405-000-04-1
Title: Gasoline and Fuel Oil

In January 2001, the U.S. Environmental Protection Agency finalized the Highway Diesel Rule (a.k.a. the “2007 Highway Rule”), mandating, among other things, a transition from On-Road Low Sulfur Diesel Fuel (“LSD”, S500) to On-Road Ultra Low Sulfur Diesel Fuel (“ULSD”, S15) by mid-October 2006. The Rule aims to reduce negative vehicle emissions by altering diesel fuel composition and the fuel-efficiency of the engines that utilize it.

Therefore, per Contract Section 3.26, Scope Changes, the Subject contract is amended by the Department as follows:

- Contract Section 2.20, Specifications: Fuel Oil: Diesel Fuel, Grade No. 2-D Low Sulfur Fuel; is re-titled as Diesel Fuel, Grade No. 2-D Ultra Low Sulfur Fuel.
- Contract Section 2.20, Specifications: Fuel Oil: Diesel Fuel, Grade No. 2-D Ultra Low Sulfur Fuel, 405-120-260-1000; is replaced with the following specification:
 - 405-120-260-1000 Oil, diesel fuel, grade no. 2-D ultra low sulfur fuel (.0015 mass % sulfur, 40 centane min.), for use in over the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.
- Contract Section 2.20, Specifications: Fuel Oil: Diesel Fuel, Grade No. 2-D Ultra Low Sulfur Fuel, 405-120-260-1030; is replaced with the following specification:
 - 405-120-260-1030 Oil, diesel fuel, grade no. 2-D ultra low sulfur fuel (.0015 mass % sulfur, 40 centane min.), for use in over the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- Price Sheets:
 - All Price Sheet listings for: 405-120-260-1000 Diesel Fuel, Grade No. 2-D Low Sulfur, Tank Wagon Delivery Minimum Delivery 500 Gallons.; are re-titled as 405-120-260-1000 Diesel Fuel, Grade No. 2-D Ultra Low Sulfur, Tank Wagon Delivery Minimum Delivery 500 Gallons.
 - All Price Sheet listings for: 405-120-260-1030 Diesel Fuel, Grade No. 2-D Low Sulfur, Transport Delivery Minimum Delivery 7,200 Gallons.; are re-titled as 405-120-260-1030 Diesel Fuel, Grade No. 2-D Ultra Low Sulfur, Transport Delivery Minimum Delivery 7,200 Gallons.
- All Markups, Terms and Conditions shall remain unchanged.

Additionally, Petroleum Traders Corporation has chosen not to maintain their contracted markups for their awards for amended Commodity Codes 405-120-260-1000 and 405-120-260-1030. Therefore, their portions of the State Term Contract for Commodity Codes 405-120-260-1000 and 405-120-260-1030 have been removed from the Price Lists. All other Contractors with awards for Commodity Codes 405-120-260-1000 and 405-120-260-1030 have agreed to maintain their contracted markups for the amended specifications.

Any questions or problems in delivery or service that may arise regarding this contract should be directed to the Contract Administrator.

July 1, 2006

MEMORANDUM NO.: (405-000-04-1) - 6

TO: User Agency
FROM: Director, State Purchasing
SUBJECT: Contract No. 405-000-04-1
Title: Gasoline and Fuel Oil

The Subject contract has been extended through June 30, 2009 at the same prices, terms and conditions unless otherwise noted.

The following Contractors have renewed their portions of the State Contract at the same prices, terms and conditions for all awards:

- Petroleum Traders Corp. (A)
- Central Oil Co. Inc. (A)
- L.V. Hiers, Inc. (A)
- Streicher Mobile Fueling Inc. (A)
- Hinson Oil Company (A)
- Port Consolidated, Inc. (A)
- Johnson & Johnson, Inc. (A)
- Sangaree Oil Co. Inc. (A)
- Morris Petroleum Inc. (A)
- Glover Oil Company (A)
- World Energy Alternatives (A)

The following Contractors have renewed their portions of the State Contract at the same prices, terms and conditions with the following exceptions:

- Eli Roberts & Sons, Inc. (A): Did not renew Commodity No. 405-120-260-1030, Diesel – Low Sulfur No. 2-D Transport Delivery, in Gadsden County.
- Jim Hinton Oil Company, Inc. (A): Did not renew all awards in the following counties:
 - Dixie County
 - Gilchrist County
 - Lafayette County
 - Levy County
 - Madison County
 - Taylor County

- Terrell Industries, Inc. (H): Did not renew all awards in the following counties:
 - Bay County
 - Charlotte County
 - Hillsborough County
 - Lake County
 - Lee County
 - Leon County
 - Manatee County
 - Pasco County
 - Pinellas County
 - Polk County

The following Contractors have not renewed their portions of the State Contract and have been removed from the Price Lists and Ordering Instructions:

- Mansfield Oil Company (A)
- G. W. Hunter, Inc. (A)
- B. V. Oil Company, Inc. (I)

Any questions or problems in delivery or service that may arise regarding this contract should be directed to the Contract Administrator.

(REV 6 FEB 2008)

-
- A. AUTHORITY - Upon affirmative action taken by the State of Florida Department of Management Services, a contract has been executed between the State of Florida and the designated contractors.
- B. EFFECT - This contract was entered into to provide economies in the purchase of Gasoline and Fuel Oil by all State of Florida agencies and institutions. Therefore, in compliance with Section 287.042, Florida Statutes, all purchases of these commodities shall be made under the terms, prices, and conditions of this contract and with the suppliers specified.
- C. ORDERING INSTRUCTIONS - All purchase orders shall be issued in accordance with the attached ordering instructions. Purchaser shall order at the prices indicated, exclusive of all Federal, State and local taxes.

All contract purchase orders shall show the State Purchasing contract number, product number, quantity, description of item, with unit prices extended and purchase order totaled. (This requirement may be waived when purchase is made by a blanket purchase order.)

- D. CONTRACTOR PERFORMANCE - Agencies shall report any vendor failure to perform according to the requirements of this contract on Complaint to Vendor, form PUR 7017. Should the vendor fail to correct the problem within a prescribed period of time, then form PUR 7029, Request for Assistance, is to be filed with this office.
- E. SPECIAL AND GENERAL CONDITIONS - Special and general conditions are enclosed for your information. Any restrictions accepted from the supplier are noted on the ordering instructions.
- F. CONTRACT APPRAISAL FORM - State Contract Appraisal, form PUR 7073 should be used to provide your input and recommendations for improvements in the contract to State Purchasing for receipt no later than 90 days prior to the expiration date of this contract.

1.01 **Definitions:** See the general conditions for definitions of "bid," "Contract," "Contractor," "Customer," "Department," "product," "purchase order," and "State," which terms are material to these instructions.

1.02 **General Instruction:** The bidder shall read all of the solicitation documents and comply with all specified requirements.

1.03 **Terms and Conditions:** All bids are subject to the terms of the following sections of these solicitation documents, which, in case of conflict, shall have the order of precedence listed: technical specifications; instructions to bidders; and general conditions. These terms and conditions supersede the "general conditions" contained in the Bidder Acknowledgement form (PUR 7027 Rev. 6/1/98), which is included in section 4.0 of these solicitation documents. The Department objects to and shall not consider any additional terms or conditions submitted by a bidder, including any appearing in documents attached as part of a bidder's response. In signing and submitting its bid, a bidder agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall have no force or effect. Failure to comply with terms and conditions,

including those specifying information that must be submitted with a bid, shall be grounds for rejecting a bid.

1.04 Who May Bid: Suppliers and dealers of Gasoline and Fuel Oil are invited to respond to this solicitation. By submitting a bid, each bidder certifies that it satisfies the following criteria, in addition to any other specified in the solicitation documents.

- Full-service office with business hours of 8:00 A.M. E.S.T. to 5:00 P.M. E.S.T. weekdays (minimum) and with staff capable of handling inquiries and orders on-location during those business hours (including lunch hour).
- The State is implementing an electronic procurement system called MyFloridaMarketPlace. When it is enabled, the successful bidders (Contractors) will be required to register in the system in order to receive payment. Refer to section 3.13 of the General Conditions for related information. For more detail on the MyFloridaMarketPlace initiative, please visit www.myflorida.com and find the "Hot Topic" titled MyFloridaMarketPlace/eProcurement.

In furtherance of the One Florida Initiative, bidders are encouraged to seek the participation of woman- and minority-owned business enterprises (WMBE). Information on the One Florida Initiative and WMBEs is available from the Office at Supplier Diversity at <http://osd.dms.state.fl.us>. Please identify each WMBE that will participate in the Contract and the nature of the participation.

1.05 Ordering Instructions: On the Ordering Instructions form included in section 4.0 of these solicitation documents, bidders shall identify persons responsible for answering questions about the bid and administering the Contract and shall provide information necessary for placing orders under the Contract.

1.06 Basis for Award: The Department intends to make awards to one or more (not to exceed three) responsive low bidders on a statewide basis for each item number listed on the Price Sheets (see Section 4).

Bidders are solely responsible for submitting the appropriate forms with their bid. To assist bidders, a bid preparation checklist is included in section 4.0 of these solicitation documents. To avoid submitting unnecessary paper, the bidder is not required to submit the Technical Specifications, Section 2.0, with their bid.

The Department reserves the right to reject pricing that is greater than pricing offered to other potential Customers (e.g., city, county, university, or federal contracts). The Department reserves the right to accept or reject any and all bids, or separable portions, and to waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the State's best interest.

1.07 Bidders' Conference: The State will hold a Bidders' Conference on the date identified in the timeline on the last page of the Cover Materials. This conference is designed to provide you with the most current information about the new electronic procurement system ("MyFloridaMarketPlace"), answer specific questions you have about how this change affects your business, and what the next steps are for you as a potential state term

contract vendor. As a bidder, it will be very important for you or someone very familiar with how your company currently handles purchasing with the State to attend this conference (either in person or by phone). The Conference will be held at 1 PM at the Department of Management Services, 4050 Esplanade Way, Suite 358, Tallahassee, FL 32399. You may attend by phone by calling (850) 488-9523.

- 1.08 Questions/Contract Manager:** Bidders shall address any question regarding this solicitation to the Contract Manager, who is identified on the cover sheet of this solicitation package. Questions shall be in writing, shall reference the solicitation number and the bid opening date, and shall be **RECEIVED NO LATER THAN** the time and date reflected on the timeline included on the last page of the cover material of this solicitation package, and they shall be answered in accordance with the same timeline. Bidders shall not contact any other employee of the Department or the State for information with respect to this solicitation. The Department shall post amendments to the solicitation documents on <http://www.myflorida.com/> under the Florida Vendor Bid System located at http://fcn.state.fl.us/owa_vbs/owa/vbs_www.search.criteria_form under the posted solicitation number (to see all current postings, leave all search criteria blank, then locate on the returned list the postings related to this solicitation). Each bidder is responsible for monitoring this site for new or changing information. The Department shall not be bound by any verbal information or by any written information that is not contained within the solicitation documents or formally noticed and issued by the Contract Manager. Questions to the Contract Manager, or to any other Department personnel, shall not constitute formal protest of the specifications or of the solicitation, a process addressed in section 1.25 of these Instructions.
- 1.09 Conflict of Interest:** This solicitation is subject to chapter 112 of the Florida Statutes. Bidders shall disclose with their bid the name of any officer, director, employee or other agent who is also an employee of the State. Bidders shall also disclose the name of any State employee who owns, directly or indirectly, an interest of five percent (5%) or more in the bidder or its affiliates.
- 1.10 Convicted Vendors:** A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime is prohibited from doing any of the following for a period of 36 months from the date of being placed on the convicted vendor list: submitting a bid on a contract to provide any goods or services to a public entity; submitting a bid on a contract with a public entity for the construction or repair of a public building or public work; submitting bids on leases of real property to a public entity; being awarded or performing work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and transacting business with any public entity in excess of the Category Two threshold amount (\$25,000) provided in section 287.017 of the Florida Statutes.
- 1.11 Discriminatory Vendors:** An entity or affiliate placed on the discriminatory vendor list pursuant to section 287.134 of the Florida Statutes may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, sub-contractor, or consultant under a contract with any public entity; and may not transact business with any public entity.

1.12 Bidder's Representation and Authorization: In submitting a bid, each bidder understands, represents, and acknowledges the following (if the bidder cannot so certify to any of following, the bidder shall submit with its bid a written explanation of why it cannot do so).

- The bidder is not currently under suspension or debarment by the State or any other governmental authority.
- To the best of the knowledge of the person signing the bid, the bidder, its affiliates, subsidiaries, directors, officers, and employee are not currently under investigation by any governmental authority and have not in the last ten (10) years been convicted or found liable for any act prohibited by law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract.
- To the best of the knowledge of the person signing the bid, the bidder has no delinquent obligations to the State, including a claim by the State for liquidated damages under any other contract.
- The bid is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive bid.
- The bid prices and amounts have been arrived at independently and without consultation, communication, or agreement with any other bidder or potential bidder; neither the prices nor amounts, actual or approximate, have been disclosed to any bidder or potential bidder, and they will not be disclosed before bid opening.
- The bidder has fully informed the Department in writing of all convictions of the firm, its affiliates (as defined in section 287.133(1) (a) of the Florida Statutes), and all directors, officers, and employees of the firm and its affiliates for violation of state or federal antitrust laws with respect to a public contract for violation of any state or federal law involving fraud, bribery, collusion, conspiracy or material misrepresentation with respect to a public contract. This includes disclosure of the names of current employees who were convicted of contract crimes while in the employ of another company.
- Neither the bidder nor any person associated with it in the capacity of owner, partner, director, officer, principal, investigator, project director, manager, auditor, or position involving the administration of federal funds:
 - Has within the preceding three years been convicted of or had a civil judgment rendered against them or is presently indicted for or otherwise criminally or civilly charged for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state, or local government transaction or public contract; violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; or
 - Has within a three-year period preceding this certification had one or more federal, state, or local government contracts terminated for cause or default.

- The product offered by the bidder will conform to the specifications without exception.
- The bidder has read and understands the Contract terms and conditions, and the bid is made in conformance with those terms and conditions.
- If an award is made to the bidder, the bidder agrees that it intends to be legally bound to the Contract that is formed with the State.
- The bidder has made a diligent inquiry of its employees and agents responsible for preparing, approving, or submitting the bid, and has been advised by each of them that he or she has not participated in any communication, consultation, discussion, agreement, collusion, act or other conduct inconsistent with any of the statements and representations made in the bid.
- The bidder shall indemnify, defend, and hold harmless the Department and its employees against any cost, damage, or expense that may be incurred or be caused by any error in the bidder's preparation of its bid.
- All information provided by, and representations made by, the bidders are material and important and will be relied upon by the State in awarding the Contract. Any misstatement shall be treated as fraudulent concealment from the State of the true facts relating to submission of the bid. A misrepresentation shall be punishable under law, including, but not limited to, Chapter 817 of the Florida Statutes.

1.13 Performance Qualifications: The Department reserves the right to investigate or inspect at any time whether the product, qualifications, or facilities offered by bidder meet the Contract requirements. Bidder shall at all times during the Contract term remain responsive and responsible. Bidder must be prepared, if requested by the Department, to present evidence of experience, ability, and financial standing, as well as a statement as to plant, machinery, and capacity of the bidder for the production, distribution, and servicing of the product bid. If the Department determines that the conditions of the solicitation documents are not complied with, or that the product proposed to be furnished does not meet the specified requirements, or that the qualifications, financial standing, or facilities are not satisfactory, or that performance is untimely, the Department may reject the bid or terminate the Contract. Bidder may be disqualified from receiving awards if bidder, or anyone in bidder's employment, has previously failed to perform satisfactorily in connection with public bidding or contracts. This paragraph shall not mean or imply that it is obligatory upon the Department to make an investigation either before or after award of the Contract, but should the Department elect to do so, bidder is not relieved from fulfilling all Contract requirements.

1.14 Execution of Bid: Each bid shall be in the form included with these solicitation documents and manually signed by an authorized representative of the bidder. Bids shall be typed or printed in permanent ink. Any correction or alteration shall be in ink and initialed. The bidder's name shall appear on each page of the bid in the space noted. Each bid shall include the Bidder Acknowledgement form (PUR 7027 Rev. 6/1/98), but the "General Conditions" of that form are superseded by the terms of and conditions of these solicitation documents. Each bid shall include a copy of the Contract form, signed by a person authorized to bind the Company.

Bidders may bid fewer than all of the product categories and sub-categories outlined in the Technical Specifications and noted on the bid tables included in section 4.0 of these solicitation documents. A bidder may return only those bid tables containing categories it is bidding, but shall identify in a cover letter exactly which pages it is submitting. Bidders are solely responsible for submitting the appropriate forms with their bid.

- 1.15 Submittal of Bid:** Submit the original bid and one copy in a sealed envelope. DO NOT INCLUDE MORE THAN ONE BID PER ENVELOPE. The face of the envelope shall indicate State Purchasing’s address, the bid number, and date and time of the bid opening. Bids not submitted on the forms included with these solicitation documents shall be rejected. Each bidder is responsible for ensuring that its bid is delivered at the proper time and to the proper place. The Department shall not consider late bids. **BIDS MUST BE RECEIVED AT STATE PURCHASING, 4050 ESPLANADE WAY, ROOM 380G, TALLAHASSEE, FLORIDA, AT OR BEFORE 2:00 P.M. ON THE DATE INDICATED ON THE TIMELINE INCLUDED ON THE FINAL PAGE OF THE COVER MATERIALS OF THIS SOLICITATION.**
- 1.16 Bid Tabulation and Electronic Posting of Notice of Intended Award:** Bids shall be opened on the date indicated on the timeline included on the final page of the cover material of the solicitation (“Timeline”), and thereafter tabulated. Bidders may, but are not required to, attend. Prices will not be read, pursuant to section 119.07(3)(m) of the Florida Statutes. Based on the bid tabulation, on the date indicated on the Timeline the Department shall electronically post a notice of intended award at http://fcn.state.fl.us/owa_vbs/owa/vbs_www.main.menu. If the notice of award is delayed, in lieu of posting the notice on the date indicated on the Timeline the Department shall post a notice of the delay and a revised date for posting the notice of intended award. Any person who is adversely affected by the decision shall file with the Department a notice of protest within 72 hours after the electronic posting (see paragraph 1.25 of the Instructions for more information on protests). The Department shall not provide bid tabulations or notices of award by telephone.
- 1.17 Special Accommodation:** Any person requiring a special accommodation at State Purchasing because of a disability should call State Purchasing at (850) 488-8440 at least five (5) workdays prior to the bid opening. If you are hearing or speech impaired, please contact State Purchasing by using the Florida Relay Service at (800) 955-8771 (TDD).
- 1.18 Firm Bids:** The Department may make award within ninety (90) days after the date of bid opening, during which period bids shall remain firm and shall not be withdrawn. If award is not made within ninety (90) days, a bid shall remain firm until either the Department awards the Contract or the Department receives from the bidder written notice that the bid is withdrawn. Any bid that expresses a shorter duration may, in the Department’s sole discretion, be accepted or rejected.
- 1.19 Clarifications/Revisions:** Before award, the Department reserves the right to seek clarifications, to request bid revisions, and to request any information deemed necessary for proper evaluation of bids from all bidders deemed eligible for Contract award. Failure to provide requested information may result in rejection of the bid.

- 1.20 Contract Formation:** No contract shall be formed between bidder and the Department until the Department signs the Contract. The Department shall not be liable for any costs incurred by a bidder in preparing or producing its bid or for any work performed before the Contract is effective.
- 1.21 Notice of Award:** The Department shall issue a notice of award, if any, to successful bidders, who shall be responsible for reproducing and distributing copies of the notice and Contract documents to all of the dealers or resellers identified in the bid as authorized to accept purchase orders and complete deliveries and to all authorized service centers.
- 1.22 Contract Overlap:** Bidders shall identify any products covered by this solicitation that they are currently authorized to furnish under any other contract with the Department. By entering into the Contract, a Contractor authorizes the State to eliminate duplication between agreements in the manner the State deems to be in its best interest.
- 1.23 Purchasing Card Program:** The State has implemented a purchasing card program through Bank of America, using the Visa network. Contractors will receive payment from the purchasing card in the same manner as other Visa purchases. Accordingly, bidders must presently have the ability to accept Visa or take whatever steps necessary to implement the ability before the start of the Contract term. The State reserves the right to revise this program in conjunction with implementation of an on-line procurement system.
- 1.24 Public Records:** Florida law generously defines what constitutes a public record; see, for example, section 119.07 of the Florida Statutes. If a bidder believes that its bid contains information that should not be a public record, the bidder shall clearly segregate and mark that information (for example, stamp each page “Confidential” and place it in an envelope marked “Confidential”) and briefly describe in writing the grounds for claiming exemption from the public records law. The Department will not independently evaluate the bidder’s claim of exemption. If the Department receives a public records request related to the bid, the Department shall notify the bidder in writing at least seven days before making the information available for review by the requester. The bidder shall be solely responsible for taking whatever action it deems appropriate to legally protect its claim of exemption from the public records law. If the bidder fails to do so, the Department shall make the information available for review. In no event shall the Department or any of its employees or agents be liable for disclosing, or otherwise failing to protect the confidentiality of, information submitted in response to this solicitation.
- 1.25 Bid Protests:** Any protest concerning this solicitation shall be made in accordance with sections 120.57(3) and 287.042(2) of the Florida Statutes and chapter 28-110 of the Florida Administrative Code. It is the Department’s intent to ensure that specifications are written to obtain the best value for the State and those specifications are written to ensure competitiveness, fairness, necessity and reasonableness in the solicitation process. **NOTICE OF PROTEST OF THE SOLICITATION DOCUMENTS SHALL BE MADE WITHIN SEVENTY-TWO HOURS AFTER POSTING OF THE SOLICITATION.** Questions to the Contract Supervisor shall not constitute formal notice. Failure to file a protest within the time prescribed in section 120.57(3) of the Florida Statutes, or failure to file a bond or other security within the time allowed for

filing a bond shall constitute a waiver of proceedings under chapter 120 of the Florida Statutes.

	Appendix - State Map

2.01 Definitions: The Parties agree that capitalized terms shall have the meaning ascribed below:

“**Biodiesel**” or B20 shall mean an alternative Fuel consisting of an 80/20 blend of 80% low sulfur no. 2 diesel fuel and 20% soybean oil.

“**DTN FastRacks Averages**” shall mean the fuel pricing service provided by the Data Transmission Network, an industry benchmark for pricing Fuel and other commodities. This Contract shall use the daily rack averages as established by the DTN FastRacks Averages. Fuel prices are listed for terminals by regions in reports called PAD Reports. The State of Florida uses terminals listed in the PAD 1 Report. Fuel terminals are more particularly detailed in section 2.08.

“**Fuel**” shall mean any Fuel product obtained through this Contract. Fuel product shall include all grades of unleaded gasoline, fuel oil, heating fuel and Biodiesel to be delivered to State and Customer facilities as defined in section 2.10.

“**Markup**” shall mean the Contractor’s price to cover all costs associated with providing Fuel to State and Customer facilities as more particularly detailed in section 2.11. Markup will mean both positive and negative numbers. Markups may differ based on where the Fuel is obtained according to the Fuel terminals and actual type of Fuel ordered. Markup for Fuel shall be on a price per gallon basis. The Contractor shall

assess no other fees associated with the delivery of Fuel except as more particularly detailed in section 2.13.

“Tank Wagon Delivery” shall mean a delivery by a tank wagon truck with a minimum delivery of 500 gallons up to 4,000 gallons.

“Transport Delivery” shall mean a delivery by a transport truck with a minimum delivery of 8,000 gallons for gasoline, 7,200 gallons for fuel oil and 7,200 gallons for a combination load of gasoline and fuel oil.

2.02 Deliverables: The Contractor shall deliver the following product, as more particularly detailed in sections 2.03 to 2.20.

2.03 Scope of Work: This Contract is to provide Fuel for the State and Customers in the State of Florida. The Department seeks to improve quality and efficiency of services delivered, improve Customer services and reduce cost. The Contractor must efficiently provide Fuel to meet the requirements of the Customer.

Bidder/Contractor must meet the following requirements:

- Fuel will be available to all eligible Customers in the State of Florida. (It is anticipated that Customers will use approximately 10,000,000 gallons annually under the resulting Contract, if any.)
- Fuel costs will be determined based on the daily DTN FastRacks Averages from the closest terminal used to service the Customer’s facility. Averages are posted in the DTN FastRacks report distributed each morning. Biodiesel costs will use the above plus the published Monday price for soybean oil in the Tuesday edition of the *Wall Street Journal*. Price is more particularly detailed in section 2.11.
- Markups will be established for each type of Fuel for each county based on the minimum delivery requirements as detailed in section 2.10. Customer facilities, located in each county, will use the same Markups based on their requirements. Markup for Fuel shall be based on a price per gallon basis.
- Fuel costs shall exclude any taxes and/or fees that the Customer is exempt from paying. All Fuel costs will include the DTN FastRacks Averages, the Contractor’s Markup and all applicable taxes and/or petroleum associated fees allowed. Other service/delivery charges may apply as more particularly detailed in sections 2.10 and 2.13.
- A copy of the daily DTN FastRacks Averages from the associated terminal may be sent with the Customer’s invoice. The invoice price shall reflect the actual date of delivery.

2.04 Fuel Sites and Accessibility: All Customer tanks shall be properly equipped to enable Contractor to safely deliver Fuel. The Contractor shall notify Customer of all situations that may be deemed unsafe. A Contractor may refuse to deliver Fuel to an unsafe Fuel site until the safety issue is resolved. A back haul charge may apply if a Contractor attempts to deliver Fuel and the Fuel site is deemed unsafe. The Customer shall be responsible for having proper equipment installed. Customer shall work with Contractor making a delivery to assure that the Contractor has proper accessibility to all tanks being

fueled. Customer may be subject to an excessive delay charge if Contractor has to wait more than 30 minutes to begin Fuel delivery. These charges are listed in section 2.13.

- 2.05 Delivery of Fuel:** Fuel is to be delivered to the Customer's tank(s) within 48 hours after telephone notification is received unless specified otherwise by the Customer. For new accounts, the Contractor will be allowed additional time to enter all required account information into their ordering/billing system to establish the new account. This time will be agreed upon by the Customer and the Contractor. The State prefers that vehicles equipped with meters make delivery. If non-metered vehicles are used, the driver shall leave a metered loading report from the terminal with the Customer. If temperature corrected billing is used, the loading report shall give all pertinent information. Customer may be subject to a service charge if request is for same day delivery. This charge is listed in section 2.13.

Before unloading of Fuel begins, Customer personnel and Contractor personnel shall measure the Customer's tank(s) to receive Fuel and shall again measure the tank(s) after delivery. Customer may be subject to a back haul charge if the Customer orders more Fuel than the Customer's tank(s) can hold upon delivery and a portion of the Fuel ordered has to be returned. This charge is listed in section 2.13.

Scheduled delivery service is for delivery of Fuel by the Contractor to the Customer's tank(s) under the time frame as agreed upon by the Contractor and Customer. Contractor will be responsible for managing Fuel product levels in Customer's tank(s) to ensure proper levels of Fuel are maintained. Minimum order requirements will be waived if Customer is provided this service.

- 2.06 Fault and Responsibility:** The party at fault will be responsible for all direct costs incurred to correct a problem. Problems may include but not limited to misorders by Customer, Fuel spills, delivering wrong Fuel to Customer by Contractor, cross-fueling by Contractor at Customer's facility, etc.

- 2.07 Measurements:** Customary measurements appearing in these specifications are not intended to preclude bids for commodities with metric measurements.

- 2.08 Fuel Terminals:** Price will be determined using the DTN FastRacks Average price for the closest appropriate terminal, on the date of delivery to the Customer, regardless of when or where the Contractor actually obtained Fuel. The following terminals are used to refer to the DTN FastRacks Average prices:

- Jacksonville
- Miami
- Orlando
- Panama City
- Pensacola
- Tampa
- Bainbridge, GA

Availability of Product: If there are Fuel restrictions, shortages and/or allocations placed on suppliers of Fuel product by either terminals, suppliers and/or the government (local and/or federal) for any reason, then at the Department's discretion, price may be adjusted

as determined by the Department. Contractors will have to provide adequate proof of the situation to have the price adjusted. The time period for these adjustments will be determined by the Department based on the situation. If governmental allocations are declared, then Contractors are to deliver Fuel to Customers at the same percentage as allocated.

- 2.09 Conventional Gasoline:** Low Reid Vapor Pressure Gasoline (7.8 psi RVP) is gasoline with a decreased evaporation rate and lower volatility than conventional gasoline (9.0 psi RVP). Low-RVP gasoline is used to reduce evaporative emissions, and thus decrease volatile organic compound (VOC) emissions.

Florida uses conventional 9.0 RVP gasolines throughout the state year round with the exception in six counties that have a low-RVP program during the summer months. The low-RVP program starts in June and runs through September of each year in Broward, Dade, Duval, Hillsborough, Palm Beach and Pinellas counties. The lower RVP will decrease the evaporative emissions from the gasoline thereby decreasing VOC emissions in these counties. The decrease in RVP will help considerably with evaporative emissions.

The counties listed above shall use the 7.8 RVP price for gasoline during the summer months (June through September) and all other counties shall use the conventional 9.0 RVP price.

2.10 Minimum Delivery:

For Contractors that utilize their own transports to make delivery, the minimum delivery on this Contract shall be 500 gallons for a Tank Wagon Delivery for gasoline and fuel oil; 1,000 gallons for a Tank Wagon Delivery for Biodiesel; 8,000 gallons for a Transport Delivery for gasoline; 7,200 gallons for a Transport Delivery for fuel oil; and 7,200 gallons for a combination load Transport Delivery of gasoline and fuel oil. The 500 gallon minimum applies to the total gallons per Customer order. The Customer may order multiple products of Fuel, excluding Biodiesel, to obtain the 500 gallon minimum. The 1,000 gallon minimum for Biodiesel shall not be combined with other Fuel products to obtain the minimum requirement.

If Contractor uses a common carrier to make delivery, the minimum delivery on this Contract shall be determined by the common carrier's minimum delivery schedule.

• **Gasoline and Fuel Oil**

- Tank Wagon Delivery – For orders less than 500 gallons, a delivery charge of \$35.00 may be added to the invoice as a separate item, in addition to the amount of Fuel delivered. This delivery charge shall be waived if the facility is on a scheduled delivery service.
 - Freight charges will be included in the Tank Wagon Delivery Markup.
- Transport Delivery – For orders less than 8,000 gallons for gasoline, 7,200 gallons for fuel oil and 7,200 gallons for a combination load of gasoline and fuel oil, a per gallon freight charge may be added to the invoice as a separate item, in addition to the amount of Fuel delivered. The freight charge will apply to the

difference in gallons, between the minimum gallons listed and the gallons actually delivered.

- Freight charges will not be included in the Transport Delivery Markup.

- **Biodiesel**

- Tank Wagon Delivery – No orders will be accepted for orders less than 1,000 gallons, unless agreed to by the Contractor. If the Contractor does agree to deliver less than 1,000 gallons, no additional charge will be levied.
 - Freight charges will be included in the Tank Wagon Delivery Markup.
- Transport Delivery – For orders less than 7,200 gallons, a per gallon freight charge may be added to the invoice as a separate item, in addition to the amount of Fuel delivered. The freight charge will apply to the difference in gallons, between the minimum gallons listed and the gallons actually delivered.
 - Freight charges will not be included in the Transport Delivery Markup.

2.11 Prices: Prices shall be submitted on Customer invoices as follows:

- Fuel Cost shall be determined by the date and county in which delivery of Fuel is made. Fuel cost shall include:
 - Gasoline and Fuel Oil: Prices will be calculated using the following information:
 - DTN FastRacks Average daily price as determined by the closest appropriate terminal for Fuel.
 - Contractor's Markup as determined by the Price Sheet for the county in which delivery of Fuel is made.
 - All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which delivery of Fuel is made.
 - All applicable delivery and/or service charges as allowed.
 - Biodiesel: Prices will be calculated using the following information:
 - DTN FastRacks Averages daily price as determined by the closest appropriate terminal for low sulfur no. 2 diesel. This daily price will be used to make up 80% of the total charged by the Contractor for Biodiesel.
 - The published Monday price for soybean oil, as printed in the Tuesday edition of the *Wall Street Journal* under "Fats and Oils" in the "Cash Prices" column. This will be an average of the "Lo-Hi Range" for Monday. Price will be in effect on the published date through the next published date. If no Monday price is published, then the next available published price will apply (Tuesday, Wednesday, etc.).

This price is listed in pounds and will be converted to gallons using the following conversion equivalence:

$$7.35 \text{ lbs} = 1 \text{ gallon}$$

This weekly price will be used to make up the remaining 20% of the total charged by the Contractor for Biodiesel.

- Contractor's Markup as determined by the Price Sheet for the county in which delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which delivery of Fuel is made.
- All applicable delivery and/or service charges as allowed.

The Customer and the Contractor agree that the Contractor is prohibited from negotiating or billing in a manner that exceeds the stated prices included in the Contract. The Contractor agrees that the price charged to the Customer shall be subject to audit, and the Contractor shall make any and all records supporting the invoiced prices available for inspection, upon written request by the Customer.

2.12 Markup: The Markup shall be noted on the Price Sheet as follows:

- Discount Markup – A Discount Markup shall be noted as a negative number, using either a minus sign “-.xx” or enclosed within parentheses “(.xx)”, i.e. “-.01” or “(.01)”.
- Markup – All other prices will be construed as a positive number for the Markup.

The Markup or Discount Markup may include the Contractor's profit and any other costs the Contractor wishes to include. The Transaction Fee required by section 3.13 shall also be included in the Markup or Discount Markup. **Prices shall be per gallon for the Markup or Discount Markup.**

2.13 Allowable Charges: The Contractor may assess the following charges on the invoice:

- Delivery charge as allowed as described in section 2.10.
- Freight charges will apply on all Transport Deliveries. Charge will apply to Transport Delivery as defined in section 2.10 or to the actual gallons delivered. Contractors who own their own transports must provide established freight rates with their bid submittal. These rates must be based on the average of at least the past 12 months, with suitable documentation for the State's evaluation. If a Contractor does not have an established freight rate, then the freight rate charged must be comparable to that charged by a common carrier. The Department reserves the right to modify freight rate provisions, if modifications are deemed to be in the best interests of the State.
- Bank charges as stated on the Contractor's Ordering Instruction page for all purchases using the purchasing card program established by the Customer. This charge will be a percentage of the total invoice amount.
- Same day delivery charge, \$35.00.
- Pump off charge for Transport Delivery, \$20.00. May be charged more than once if Transport Delivery truck is required to relocate to deliver to additional tanks. Maximum pump off charge, \$50.00 per Transport Delivery.

- Pump off charge for Tank Wagon Delivery, \$20.00. May be charged more than once if Tank Wagon Delivery truck is required to relocate to deliver to additional tanks. Maximum pump off charge, \$50.00 per Tank Wagon Delivery.
- Excessive delay charge if Contractor has to wait more than 30 minutes to begin Fuel delivery. Will be charged \$5.00 per 15 minute increment past the initial 30 minutes.
- Back haul charge if Customer orders more than tanks can hold. Charge will vary per incident.

2.14 Invoicing and Payment: The Contractor agrees to be paid upon submission of properly certified invoices to the Customer for Fuel purchased as defined in section 2.11 of this solicitation document. Invoices shall be submitted to the Customer for each delivery made. The Contractor shall submit invoices for Fuel in sufficient detail for a proper preaudit and postaudit thereof, pursuant to section 287.058 of the Florida Statutes. The Customer agrees that payments to the Contractor will be made in accordance with section 215.422 of the Florida Statutes, and chapter 55 of the Florida Statutes.

A copy of the DTN FastRacks Averages terminal printout may accompany all invoices to verify prices.

2.15 Maintenance: The Customer shall maintain all tanks and dispensing equipment associated with their facility in good working order for the duration of the Contract.

2.16 Taxes: Invoice Fuel prices are not to include any State of Florida and/or Federal taxes from which the State and/or Customer is exempt.

Any questions regarding applicable Fuel taxes may be directed to the Department of Revenue at (850) 922-0712.

2.17 DTN FastRacks: The Contractor and Customer may subscribe to the DTN FastRacks Averages by calling DTN's Sales Department at 1-800-779-5775, option 2. Ask for the State of Florida Contract subscription.

2.18 Fuel Permits: The State and/or Customer will be responsible for all facility required permits pertaining to Fuel storage and handling in accordance with all local, state and federal laws.

2.19 Schedule and Damages: The Contractor agrees to pay any and all actual damages in the event of a default by Contractor due to late completion of services. The Contractor shall reimburse the Department for any and all procurement costs incurred by the Customer due to Contractor's failure to deliver, as well any and all out-of-pocket expenses the Department directly or indirectly incurs related to the late delivery and/or completion of the services. The Department reserves the right, in addition to the imposition of actual damages, to cancel the Contract by providing thirty (30) days written notice to the Contractor.

2.20 Specifications: The Contractor will provide gasoline, fuel oil and/or Biodiesel per the following specifications:

Gasoline:

- **Unleaded, 87 Octane**

405-220-920-7000 Gasoline, unleaded, antiknock (octane) index minimum 87 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-220-920-7800 Gasoline, unleaded, antiknock (octane) index minimum 87 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via transport truck in full loads, minimum delivery 8,000 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Unleaded, 89 Octane**

405-220-920-7100 Gasoline, unleaded, antiknock (octane) index minimum 89 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, and volatility class suitable for Florida at time of scheduled use, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-220-920-7900 Gasoline, unleaded, antiknock (octane) index minimum 89 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, and volatility class suitable for Florida at time of scheduled use, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via transport truck in full loads, minimum delivery 8,000 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Unleaded, Premium, 92 Octane**

405-220-920-9000 Gasoline, unleaded, premium, antiknock (octane) index minimum 92 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-220-920-9200 Gasoline, unleaded, premium, antiknock (octane) index minimum 92 (RON + MON)/2, maximum allowable lead 0.05 gram per gallon, per A.S.T.M. specification D4814, complying with state of Florida gasoline inspection laws. To be delivered as ordered via transport truck in full loads, minimum delivery 8,000 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

Fuel Oil:

- **Diesel Fuel, Grade No. 2-D Ultra Low Sulfur Fuel (REV 13 OCT 06)**

405-120-260-1000 Oil, diesel fuel, grade no. 2-D ultra low sulfur fuel (.0015 mass % sulfur, 40 centane min.), for use in over the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-260-1030 Oil, diesel fuel, grade no. 2-D ultra low sulfur fuel (.0015 mass % sulfur, 40 centane min.), for use in over the road diesel engine, per A.S.T.M.

specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Diesel Fuel, Grade No. 2-D High Sulfur Fuel**

405-120-260-0800 Oil, diesel fuel, grade no. 2-D high sulfur fuel (.5 mass % sulfur, 40 centane min.), for use in off the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-260-0820 Oil, diesel fuel, grade no. 2-D high sulfur fuel (.5 mass % sulfur, 40 centane min.), for use in off the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Diesel Fuel, Red Dye, Grade No. 2-D Low Sulfur Fuel**

405-120-270-0010 Oil, diesel fuel, red dye, grade no. 2-D low sulfur fuel (.05 mass % sulfur, 40 centane min.), for use in off the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-270-0030 Oil, diesel fuel, red dye, grade no. 2-D low sulfur fuel (.05 mass % sulfur, 40 centane min.), for use in off the road diesel engine, per A.S.T.M. specification D975, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Oil, Fuel, Heating, Grade No. 1**

405-120-350-1000 Oil, fuel, heating, grade no. 1, per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-350-1100 Oil, fuel, heating, grade no. 1, per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Oil, Fuel, Heating, Grade No. 2**

405-120-350-2000 Oil, fuel, heating, grade no. 2, per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services

standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-350-2200 Oil, fuel, heating, grade no. 2, per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

- **Oil, Fuel, Heating, Grade No. 2 Low Sulfur Fuel**

405-120-350-2300 Oil, fuel, heating, grade no. 2 low sulfur fuel (.05 mass % sulfur, 40 centane min.), per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via tank wagon, minimum delivery 500 gallons.

405-120-350-2400 Oil, fuel, heating, grade no. 2 low sulfur fuel (.05 mass % sulfur, 40 centane min.), per A.S.T.M. specification D396, complying with Florida Department of Agriculture and Consumer Services standards 5F-2.001. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

Alternative Fuels:

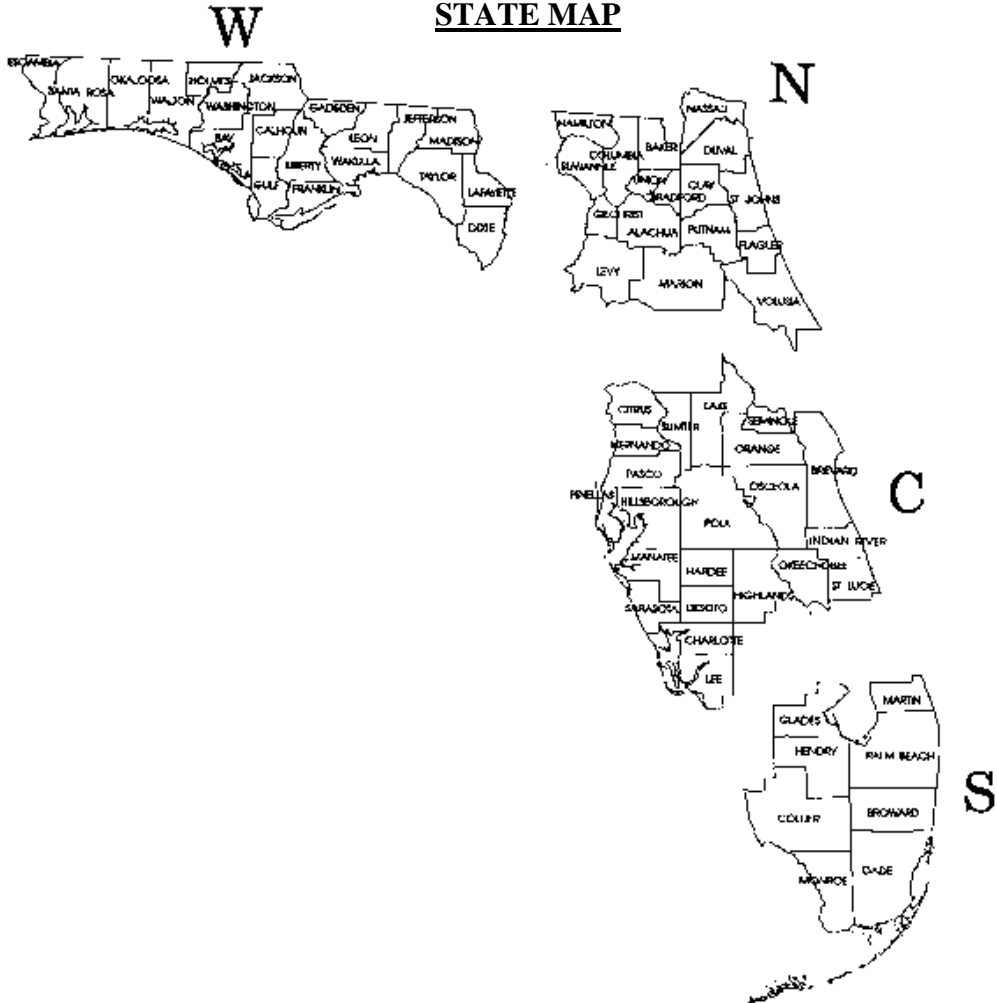

- **Biodiesel**

405-120-250-0400 Biodiesel Blend Fuel, B20 blend (20 percent biodiesel and 80 percent petroleum diesel), for use in over the road diesel engine, meeting the A.S.T.M specification D6751 for pure biodiesel shall consist of mono-alkyl esters of long chain fatty acids derived from new and used vegetable oils and animal fats, designated B100, before blending with grade no. 2-D low petroleum diesel per A.S.T.M. specification D975, final product shall comply with Florida Department of Agriculture and Consumer Services inspection laws. To be delivered as ordered via tank wagon, minimum delivery 1,000 gallons.

405-120-250-0600 Biodiesel Blend Fuel, B20 blend (20 percent biodiesel and 80 percent petroleum diesel), for use in over the road diesel engine, meeting the A.S.T.M specification D6751 for pure biodiesel shall consist of mono-alkyl esters of long chain fatty acids derived from new and used vegetable oils and animal fats, designated B100, before blending with grade no. 2-D low petroleum diesel per A.S.T.M. specification D975, final product shall comply with Florida Department of Agriculture and Consumer Services inspection laws. To be delivered as ordered via transport truck in full loads, minimum delivery 7,200 gallons. Billing to be adjusted to 60 degrees F. temperature on transport delivery.

3.45 Severability

3.01 **Definitions:**

The term “**bid**” means the offer extended to the Department in response to this solicitation. The forms to accompany the bid are included in section 4.0 of these solicitation documents.

“**Contract**” means the legally enforceable agreement, if any, that results from this solicitation. The parties to the Contract will be the Department and Contractor. The Contract shall be reduced to writing substantially in the form included in section 4.0 of these solicitation documents.

“**Contract Manager**” means the State Purchasing employee who is primarily responsible for administration of the Contract. The Contract Manager is identified in the Instructions to Bidders. The Department may appoint a different Contract Manager, which shall not constitute an amendment to the Contract, by sending notice to Contractor. Any communication to the Department by Contractors, by State Customer contract managers or contract administrators, or by other Customer purchasing officials, shall be addressed to the Contract Manager.

“**Contractor**” means a successful bidder, which, along with the Department, will enter into the Contract. The Department anticipates making a multiple award, but for sake of convenience the solicitation documents use the singular form of this term.

“**Customer**” means the State agencies and other eligible users that will order products directly from the Contractor under the Contract. By ordering products under the Contract, the Customer agrees to its terms. Customers are not, however, parties to the Contract.

“**Department**” means the Florida Department of Management Services. The Department will be a party to the Contract. “State Purchasing,” a division within the Department’s Support Program, is responsible for administration of this solicitation and will be responsible for day-to-day administration of the Contract. State Purchasing may be reached at 4050 Esplanade Way, Suite 360, Tallahassee, FL 32399-0950, (850) 488-8440, or via links posted at <http://www.myflorida.com/myflorida/business/index.html>. The Department reserves the right to contract with a third-party service provider to assume responsibility for administration of the Contract.

“**Product**” means any deliverable under the Contract, which may include commodities, services, technology or software.

“**Purchase Order**” means the form or format a Customer uses to make a purchase under the Contract (e.g., a formal written purchase order, electronic purchase order, procurement card, or other authorized means).

“**State**” means the State of Florida and its agencies.

3.02 Eligible Customers: Section 287.056 of the Florida Statutes governs agencies’ use of the Contract. Customers participating in the Contract do so according to the following terms: (1) non-State Customers assume and bear complete responsibility with regard to performance of any contractual obligation or term; (2) breach of a Contract term by any particular Customer shall not be deemed a breach of the Contract as a whole, which shall

remain in full force and effect, and shall not affect the validity of the Contract nor the Contractor's obligations to non-breaching Customers or the Department; (3) the State shall not be liable for any breach by a non-State Customer; (4) each non-State Customer and the Contractor guarantee to save the State and its officers, agents, and employees harmless from liability that may be or is imposed by their failure to perform in accordance with their obligations under the Contract.

- 3.03 Best Pricing Offer:** During the Contract term, if the Contractor sells substantially the same or a small quantity of a product outside the Contract, but upon the same or similar terms of the Contract, at a lower price, then at the discretion of the Department the price under the Contract shall be immediately reduced to the lower price.
- 3.04 Americans With Disabilities Act:** Contractors should identify any products that may be used or adapted for use by visually, hearing, or other physically impaired individuals.
- 3.05 Purchase Orders:** A Contractor shall not deliver or furnish products until a Customer transmits a purchase order. All purchase orders shall bear the Contract number, shall be placed by the Customer directly with the Contractor, and shall be deemed to incorporate by reference the Contract terms and conditions. Any discrepancy between the Contract terms and the terms stated on the Contractor's order form, confirmation, or acknowledgement shall be resolved in favor of terms most favorable to the Customer. A purchase order for services within the ambit of section 287.058(1) of the Florida Statutes shall be deemed to incorporate by reference the requirements of subparagraphs (a) through (f) thereof. Even where not otherwise required, **CUSTOMERS ARE ENCOURAGED TO INCLUDE PROVISIONS THAT PROMOTE GOOD CONTRACT MANAGEMENT PRACTICES AND ENABLE THE CUSTOMER AND CONTRACTOR TO MONITOR AND ADJUST PERFORMANCE**, for example, provisions clearly defining the scope of the work, provisions dividing the order into objectively measured deliverables, provisions setting forth schedules for completion and (where appropriate) liquidated damages for untimely completion, etc. State Customers shall designate a contract manager and a contract administrator as required by subsections 287.057(14) and (15) of the Florida Statutes. The Department reserves the right to revise this section in conjunction with implementation of an on-line procurement system.
- 3.06 Inspection at Contractor's Site:** The State reserves the right to inspect, at any reasonable time with prior notice, the equipment or product or plant or other facilities of a Contractor or prospective Contractor (bidder) to assess conformity with Contract requirements and to determine whether they are adequate and suitable for proper and effective Contract performance.
- 3.07 Safety Standards:** All manufactured items and fabricated assemblies subject to operation under pressure, operation by connection to an electric source, or operation involving connection to a manufactured, natural, or LP gas source shall be constructed and approved in a manner acceptable to the appropriate State inspector. Acceptability customarily requires, at a minimum, identification marking of the appropriate safety standard organization, where such approvals of listings have been established for the type of device offered and furnished, for example: the American Society of Mechanical Engineers for pressure vessels; the Underwriters Laboratories and/or National Electrical Manufacturers' Association for electrically operated assemblies; and the American Gas Association for gas-operated assemblies. In addition, all items furnished shall meet all

applicable requirements of the Occupational Safety and Health Act and state and federal requirements relating to clean air and water pollution.

- 3.08 Literature:** Upon request, the Contractor shall furnish Customers literature reasonably related to the product offered, for example, user manuals, price schedules, catalogs, descriptive brochures, etc.
- 3.09 Transportation and Delivery:** Prices shall include all charges for packing, handling, freight, distribution, and inside delivery. Transportation of goods shall be FOB Destination to any point within thirty (30) days after the Customer places an Order. A Contractor, within five (5) days after receiving a purchase order, shall notify the Customer of any potential delivery delays. Evidence of inability to deliver or intentional delays shall be cause for Contract cancellation and Contractor suspension.
- 3.10 Installation:** Where installation is required, Contractor shall be responsible for placing and installing the product in the required locations at no additional charge, unless otherwise designated on the purchase order. Contractor's authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. Contractor shall protect the site from damage and shall repair damages or injury caused during installation by Contractor or its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the Contractor shall promptly restore the structure or site to its original condition. Contractor shall perform installation work so as to cause the least inconvenience and interference with Customers and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.
- 3.11 Inspection and Acceptance:** Inspection and acceptance shall be at destination unless otherwise provided. For Contractor-installed products, the date of acceptance is the date the Customer accepts the product as installed and in good working order, as determined by any appropriate acceptance testing, and the Customer shall certify in writing to the Contractor when the product is accepted (if training or other post-installation services are included in the purchase order, the acceptance shall be conditional). For Customer-installed products, the date of acceptance shall be the delivery date. Until acceptance, risk of loss or damage shall remain with the Contractor. The Contractor shall be responsible for filing, processing, and collecting all damage claims. To assist the Contractor with damage claims, the Customer shall: record any evidence of visible damage on all copies of the delivering carrier's Bill of Lading; report damage to the carrier and the Contractor; and provide the Contractor with a copy of the carrier's Bill of Lading and damage inspection report. When a Customer rejects a product, Contractor shall remove it from the premises within ten days after notification of rejection. Upon rejection notification, the risk of loss of rejected or non-conforming product shall remain with the Contractor. Rejected product not removed by the Contractor within ten days shall be deemed abandoned by the Contractor, and the Customer shall have the right to dispose of it as its own property. Contractor shall reimburse the Customer for costs and expenses incurred in storing or effecting removal or disposition of rejected product.

3.12 Invoicing and Payment: Invoices shall contain the Contract number, purchase order number, and the Contractor's SPURS vendor number. The State may require any other information from the Contractor that the State deems necessary to verify any purchase order placed under the Contract.

At the Department's option, Contractors may be required to invoice electronically pursuant to Department guidelines. Current guidelines require that Contractor supply electronic invoices in lieu of paper-based invoices for those transactions processed through the system. Electronic invoices shall be submitted to the Customer through the Ariba Supplier Network (ASN) in one of the following mechanisms – EDI 810, cXML, or web-based invoice entry within the ASN.

Payment shall be made in accordance with sections 215.422 and 287.0585 of the Florida Statutes, which govern time limits for payment of invoices. Time limits do not begin until the Contractor submits a properly completed invoice. Invoices that must be returned to a Contractor due to preparation errors will result in a delay in payment. Contractors may call (850) 413-7269 Monday through Friday to inquire about the status of payments by State agencies. The Customer is responsible for all payments under the Contract. A Customer's failure to pay, or delay in payment, shall not constitute a breach of the Contract and shall not relieve the Contractor of its obligations to the Department or to other Customers.

3.13 Transaction Fee: The Department has instituted a statewide eProcurement System ("System"), with the assistance of a third-party agent, Accenture LLP ("Accenture"). All transactions from this Contract shall be processed through system. Pursuant to section 287.057(23), Florida Statutes (2002), a Transaction Fee of one percent (1.0%) of the total dollar amount of each purchase order shall apply to all purchases from this Contract. The fee shall be paid by the Contractor, and shall not be added to purchase orders as a separate item. Because the Transaction Fee will be used, in part, to compensate Accenture for the development, operation, and maintenance of the System, Accenture is an intended third-party beneficiary of this paragraph imposing the Transaction Fee on transactions from this Contract.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the Contractor. If automatic deduction is not possible, whether within or without the State accounting system, Accenture shall either (1) establish with the Customer an automated process for billing and collecting the Transaction Fee from payments that are made to the Contractor or (2) rely upon the Contractor to self-report and pay the Transaction Fee pursuant to processes that Accenture may establish. By submission of these reports and corresponding Contractor deposits, Contractor is certifying their correctness. All such reports and fee deposits shall be subject to audit by the State.

Contractor shall receive a credit for any Transaction Fee paid by the Contractor for the purchase of any item(s) if such item(s) are returned to the Contractor through no fault, act, or omission of the Contractor. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the Contractor's failure to perform or comply with specifications or requirements of the applicable purchase order or Contract.

Failure to comply with these requirements shall constitute grounds for declaring the Contractor in default and recovering procurement costs from the Contractor in addition

to all outstanding fees. **CONTRACTORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE EXCLUDED FROM BIDDING ON DEPARTMENT CONTRACTS.**

- 3.14 Taxes:** The State does not pay Federal excise or sales taxes on direct purchases of tangible personal property. The State will not pay for any personal property taxes levied on the Contractor or for any taxes levied on employees' wages. Purchases by non-State Customers may be subject to taxes, which shall be computed based on the purchase price and added to the invoice submitted to such entity for payment.
- 3.15 Customer's Default:** A Customer's breach of the terms of a particular order shall not be deemed a breach of the Contract. If a Customer fails to make a payment to the Contractor for products delivered or provided, accepted, and properly invoiced, within sixty days after approval for payment, then the Contractor may, upon ten days advance written notice to both the Department and Customer's purchasing official, suspend additional shipments or provision of product to that specific Customer until such time as reasonable arrangements have been made and assurances given by the Customer for current and future Contract payments. Notwithstanding the foregoing, the Contractor shall, in writing and at least ten days before declaring a Customer in breach of the terms of a particular order, notify both the Department and Customer's purchasing official of the specific facts, circumstances and grounds upon which the Contractor intends to declare a breach. If the Contractor's basis for declaring a breach is determined, then or later, to be insufficient, then the Contractor's declaration of breach and failure to service the Customer shall constitute a breach of the Contract by the Contractor and the Department or Customer may thereafter seek any remedy available at law or equity.
- 3.16 Annual Appropriations:** The State's performance and obligation to pay under the Contract are contingent upon an annual appropriation by the Legislature.
- 3.17 Governmental Restrictions:** If the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the products offered under the Contract, the Contractor shall immediately notify the Department in writing, indicating the specific restriction. The Department reserves the right and the complete discretion to accept any such alteration or to cancel the Contract at no further expense to the Department.
- 3.18 Compliance with Laws:** The Contractor shall comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business, including those of federal, State, and local agencies having jurisdiction and authority. By way of non-exhaustive example, Chapter 287 of the Florida Statutes and Chapter 60A-1 of the Florida Administrative Code govern the Contract. By way of further non-exhaustive example, the Contractor shall comply with section 247A(e) of the Immigration and Nationalization Act, the Americans with Disabilities Act, and all prohibitions against discrimination on the basis of race, religion, sex, creed, national origin, handicap, marital status, or veteran's status. Violation of such laws shall be grounds for Contract termination.
- 3.19 Lobbying and Integrity:** Pursuant to section 216.347 of the Florida Statutes, the Contractor may not expend any State funds for the purpose of lobbying the Legislature, the judicial branch, or a state agency. In addition, the Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (1) offer, confer, or agree to confer any

pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. Upon request of the Department's Inspector General, or other authorized State official, the Contractor shall provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but shall not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor shall retain such records for the longer of (1) three years after the expiration of the Contract or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dliis.dos.state.fl.us/barm/genschedules/gensched.htm>). The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

3.20 Indemnification: The Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and Customers, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Contractor, its agents, employees, partners, or subcontractors; provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or a Customer.

Further, the Contractor shall fully indemnify, defend, and hold harmless the State and Customers from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right; provided, however, that the foregoing obligation shall not apply to a Customer's misuse or modification of Contractor's products or a Customer's operation or use of Contractor's products in a manner not contemplated by the Contract or the purchase order. If any product is the subject of an infringement suit, or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for the Customer the right to continue using the product or to modify it to become non-

infringing. If the Contractor is not reasonably able to modify or otherwise secure the Customer the right to continue using the product, the Contractor shall remove the product and refund the Customer the amounts paid in excess of a reasonable rental for past use. The Customer shall not be liable for any royalties.

The Contractor's obligations under the preceding two paragraphs with respect to any legal action are contingent upon the State or Customer giving the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense. The Contractor shall not be liable for any cost, expense, or compromise incurred or made by the State or Customer in any legal action without the Contractor's prior written consent, which shall not be unreasonably withheld.

Except as specified in the foregoing portions of this section, for all other claims against the Contractor under any individual purchase order, and regardless of the basis on which the claim is made, the Contractor's liability under a purchase order for direct damages shall be limited to the greater of \$100,000, the dollar amount of the purchase order, or two times the charges rendered by the Contractor under the purchase order. Unless otherwise specifically enumerated in the Contract or in the purchase order, no party shall be liable to another for special, indirect, punitive, or consequential damages, including lost data or records (unless the purchase order requires the Contractor to back-up data or records), even if the party has been advised that such damages are possible. No party shall be liable for lost profits, lost revenue, or lost institutional operating savings. The State and Customer may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

- 3.21 Suspension of Work:** The Department may in its sole discretion suspend any or all activities under the Contract, at any time, when in the best interests of the State to do so. The Department shall provide the Contractor written notice outlining the particulars of suspension. Examples of the reason for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, the Contractor shall comply with the notice and shall not accept any purchase orders. Within ninety days, or any longer period agreed to by the Contractor, the Department shall either (1) issue a notice authorizing resumption of work, at which time activity shall resume, or (2) terminate the Contract. Suspension of work shall not entitle the Contractor to any additional compensation.
- 3.22 Termination for Convenience:** The Department, by written notice to the Contractor, may terminate the Contract in whole or in part when the Department determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Contractor shall not be entitled to recover any cancellation charges or lost profits.
- 3.23 Termination for Cause:** The Department may terminate the Contract if the Contractor fails to (1) deliver the product within the time specified in the Contract or any extension, (2) maintain adequate progress, thus endangering performance of the Contract, (3) honor any term of the Contract, or (4) abide by any statutory, regulatory, or licensing

requirement. Rule 60A-1.006(3), Florida Administrative Code, governs the procedure and consequences of default. The Contractor shall continue work on any work not terminated. Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Department. The rights and remedies of the Department in this clause are in addition to any other rights and remedies provided by law or under the Contract.

3.24 Force Majeure, Notice of Delay, and No Damages for Delay: The Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, the Contractor shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) days after the date the Contractor first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Customer or the Department. The Contractor shall not be entitled to an increase in the Contract price or payment of any kind from the Customer or Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor shall perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to Customers, in which case the Department may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers with respect to products subjected to allocation, and/or (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

3.25 Equitable Adjustment: The Department may, in its sole discretion, make an equitable adjustment in the Contract terms and/or pricing if pricing or availability of supply is

affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Contract would result in a substantial loss.

- 3.26 Scope Changes:** The Department may unilaterally require, by written order, changes altering, adding to, or deducting from the Contract specifications, provided that such changes are within the general scope of the Contract. The Department may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the written consent of the Contractor, which shall not be unreasonably withheld. If unusual quantity requirements arise, the Department may solicit separate bids to satisfy them.
- 3.27 Renewal:** Subject to Chapter 287 of the Florida Statutes, and upon mutual agreement, the Department and the Contractor may renew the Contract, in whole or in part. Any renewal shall be in writing and signed by both parties.
- 3.28 Advertising:** The Contractor shall not publicly disseminate any information concerning the Contract without prior written approval from the Department, including, but not limited to mentioning the Contract in a press release or other promotional material, identifying the Department or the State as a reference, or otherwise linking the Contractor's name and either a description of the Contract or the name of the State, the Department, or any Customer in any material published, either in print or electronically, to any entity that is not a party to Contract, except potential or actual authorized distributors, dealers, resellers, or service representative.
- 3.29 Assignment:** The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any purchase order issued pursuant to the Contract, without the prior written consent of the Department; provided, the Contractor assigns to the State any and all claims it has with respect to the Contract under the antitrust laws of the United States and the State. The Department may assign the Contract with prior written notice to Contractor of its intent to do so.
- 3.30 Dispute Resolution:** Any dispute concerning performance of the Contract shall be decided by the Contract Manager, who shall reduce the decision to writing and serve a copy on the Contractor, and, if appropriate, the Customer. The decision of the Contract Manager shall be final and conclusive unless within ten (10) days from the date of receipt, the Contractor files with the Department a petition for administrative hearing. The Department's decision on the petition shall be final, subject to the Contractor's right to review pursuant to Chapter 120 of the Florida Statutes. Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate state court in Leon County, Florida; in any such action, Florida law shall apply, the Contractor waives any right to jury trial that it may have, and the prevailing party shall be awarded reasonable costs incurred, including attorneys' fees and costs on appeal.
- 3.31 Employees, Subcontractors, and Agents:** All Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees,

subcontractors, or agents performing work under the Contract must comply with all security and administrative requirements of the Customer. The State may conduct, and the Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Contractor. The State may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with a Customer's security or other requirements. Such approval shall not relieve the Contractor of its obligation to perform all work in compliance with the Contract. The State may reject and bar from any facility for cause any of the Contractor's employees, subcontractors, or agents.

3.32 Security and Confidentiality: The Contractor shall comply fully with all security procedures of the State and Customer in performance of the Contract. The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing Contract work, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the State or Customer. The Contractor shall not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the State's or Customer's confidential information, or material that is otherwise obtainable under State law as a public record. To insure confidentiality, the Contractor shall take appropriate steps as to its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Contract.

3.33 Independent Contractor Status of Contractor: The Contractor, together with its agents, distributors, resellers, subcontractors, officers and employees, shall have and always retain under the Contract the legal status of an independent contractor, and in no manner shall they be deemed employees of the State or Customer or deemed to be entitled to any benefits associated with such employment. During the term of the Contract, Contractor shall maintain at its sole expense those benefits to which its employees would otherwise be entitled to by law, including health benefits, and all necessary insurance for its employees, including workers' compensation, disability, and unemployment insurance, and provide Customers with certification of such insurance upon request. The Contractor remains responsible for all applicable federal, state, and local taxes, and all FICA contributions.

3.34 Insurance Requirements: During the Contract term, the Contractor at its sole expense shall provide commercial insurance of such a type and with such terms and limits as may be reasonably associated with the Contract, which, as a minimum, shall be: workers' compensation and employer's liability insurance per Florida statutory limits (currently \$100,000 per accident, \$100,000 per person, and \$500,000 policy aggregate) covering all employees engaged in any Contract work; commercial general liability coverage on an occurrence basis in the minimum amount of \$500,000 (defense cost shall be in excess of the limit of liability), naming the State as an additional insured; and automobile liability insurance covering all vehicles, owned or otherwise, used in the Contract work, with minimum combined limits of \$500,000, including hired and non-owned liability, and \$5,000 medical payment. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor and is of the essence of the Contract. Upon request, the Contractor shall provide certificate of insurance. The Contract shall not limit the

types of insurance Contractor may desire to obtain or be required to obtain by law. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers authorized to write policies in Florida.

- 3.35 Service:** If a Customer is unable to obtain service/warranty within the time specified, or if difficulties are encountered in obtaining service from the Contractor's designated service location, the Customer shall notify the individual designated on the Contractor's ordering instruction sheet, who shall then arrange and coordinate service by an alternate service dealer at no additional cost to the Customer.
- 3.36 Warranty of Authority:** Each person signing the Contract warrants that he or she is duly authorized to do so and to bind the respective party to the Contract.
- 3.37 Warranty of Ability to Perform:** The Contractor shall return with these bid documents proof of a Certificate of Status from the Secretary of State, Division of Corporations, demonstrating that the Contractor is in good standing and legally authorized to transact business in Florida. The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the Department in writing if its ability to perform is compromised in any manner during the term of the Contract.
- 3.38 Notice:** All notices required under the Contract shall be delivered by certified mail, return receipt requested, by reputable air courier service, or by personal delivery. Notices to the Department shall be delivered to the Contract Manager identified in the Instructions to Bidders. Notices to the Contractor shall be delivered to the person who signs the Contract. Either designated recipient may notify the other, in writing, if someone else is designated to receive notice.
- 3.39 Leases and Installment Purchases:** The State Comptroller's prior approval is required for State agencies to enter into or to extend any lease or installment-purchase agreement in excess of the Category Two amount established by section 287.017 of the Florida Statutes.
- 3.40 Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE):** To the extent that a product is certified by or is available from PRIDE, and has been approved in accordance with section 946.515(2) of the Florida Statutes, it is expressly understood and agreed that any articles which are the subject of, or required to carry out, the Contract shall be purchased from the corporation identified under Chapter 946 of the Florida Statutes (PRIDE) in the same manner and under the same procedures set forth in section 946.515(2) and (4) of the Florida Statutes; and for purposes of the Contract the person, firm, or other business entity carrying out the provisions of the Contract shall be deemed to be substituted for the agency insofar as dealings with such corporation are concerned. This provision is required by section 946.515(6) of the Florida Statutes; additional information about PRIDE and the products it offers is available at <http://www.pridefl.com>.
- 3.41 Products Available from the Blind or Other Handicapped:** To the extent that a product is included on the procurement list created and distributed pursuant to section

413.035(2), Florida Statutes, it is expressly understood and agreed that any articles that are the subject of, or required to carry out, this contract shall be purchased from a nonprofit agency for the Blind or for the Severely Handicapped that is qualified pursuant to Chapter 413 of the Florida Statutes, in the same manner and under the same procedures set forth in section 413.036(1) and (2) of the Florida Statutes; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the State agency insofar as dealings with such qualified nonprofit agency are concerned. This provision is required by section 413.036(3) of the Florida Statutes; additional information about the designated nonprofit agency and the products it offers is available at <http://www.respectofflorida.org>.

- 3.42 Modification of Terms:** The Contract contains all the terms and conditions agreed upon by the parties, which terms and conditions shall govern all transactions by Customer under the Contract. The Contract may only be modified or amended upon mutual written agreement of the Department and the Contractor. No oral agreements or representations shall be valid or binding upon the Department, a Customer, or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Customer unless authorized by the Department or specified in the notice of award. The Contractor may not unilaterally modify the terms of the Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, “shrink wrap” terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor’s order or fiscal forms or other documents forwarded by the Contractor for payment. A Customer’s acceptance of product or processing of documentation on forms furnished by the Contractor for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.
- 3.43 Waiver:** The delay or failure by the Department to exercise or enforce any of its rights under this Contract shall not constitute or be deemed a waiver of the Department’s right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.
- 3.44 Execution in Counterparts:** The Contract may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.
- 3.45 Severability:** If a court deems any provision of the Contract void or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable, and all other provisions shall remain in full force and effect.

CONTRACT

This Contract, effective as of the last date signed below, is by and between the State of Florida, Department of Management Services (“Department”), an agency of the State of Florida with offices at 4050 Esplanade Way, Tallahassee, Florida 32399-0950, and the entity identified below as Contractor (individually, “Contractor”).

The Contractor replied to the Department’s Invitation to Bid No. 24-405-000-S Rebid, Gasoline and Fuel Oil. The Department has determined to accept the Contractor’s bid and to enter into this Contract in accordance with the terms and conditions of the solicitation. The specific items awarded to the Contractor in each county are indicated on the Price Sheets, attached hereto as Exhibit 1.

Accordingly, and in consideration of the mutual promises contained in the Contract documents, the Department and the Contractor do hereby enter into this Contract, which is a state term contract authorized by section 287.042(2)(a) of the Florida Statutes (2001). The Contractor shall complete the work specified in the solicitation documents. The term of the Contract is from the Effective Date until June 30, 2006. The Contract consists of the following documents, which, in case of conflict, shall have priority in the order listed, and which are hereby incorporated as if fully set forth:

- Any written amendments to the Contract
- This document, including Exhibit 1
- Technical Specifications
- Instructions to Bidders
- General Conditions
- Contractor’s Bid
