RESOLUTION 2018-XX APPROVING PRUDENTIAL AS THE RECORD-KEEPER FOR THE CITY’S EMPLOYEE RETIREMENT PLANS AND AUTHORIZE THE CITY MANAGER TO NEGOTIATE THE TERMS AND CONDITIONS OF THE CONTRACT

Background:
Since at least 2001, the City of Palm Coast (City) has offered a deferred compensation retirement plan (457b) and a defined contribution retirement plan (401a) to staff. Since inception, the plans’ record-keeper was Great West Retirement Services (now known as Empower). The assets in the plans are not the City’s assets, but rather the assets of our individual employees. The City also sponsors a small 457(b) administered by ICMA. Total assets between all three plans is approximately $33 million dollars.

In 2012, the City entered into a relationship with Fiduciary First to provide investment and fee oversight, as well as a consistent fiduciary process to the retirement plans, to not only enhance the retirement plans for the benefit of the employees, but to also assist the City in meeting its fiduciary duties as the plan sponsor. Fiduciary First meets quarterly with the City's Fiduciary Committee, made up of the City Manager and the directors of Human Resources and Finance, to review and provide Plan oversight, similar to our health insurance program broker. One of Fiduciary First’s immediate priorities was to analyze all plan related expenses. As a result of the review, Fiduciary First determined that the administrative fees and investment management expenses being charged by Empower were well-above what plans with similar plan assets were paying.

However, due to the contract in place at the time, surrender charges would have applied and negatively impacted the plan participants, making the transfer of plan assets to a new record-keeper prohibitive. Fiduciary First successfully negotiated the administrative fees to a more acceptable level in the marketplace at that time, as well as the ability to eliminate the surrender charges and change providers, if desired, in five years.

In March of 2018, Fiduciary First again initiated the Request for Qualification process. There were 11 respondents that were then narrowed down to five to be reviewed by the evaluation committee consisting of Lisa Garcia with Fiduciary First, and representatives from the City’s Human Resources, Finance and Fire staff. Based on that evaluation, three providers were selected to present to a larger benefits committee. The selection of any one of the three providers would result in lower administrative costs compared to the current Empower costs of 0.26%.

Following on-site presentations, one of the three finalists was deemed to not be a good fit for the City or staff, and therefore, was dropped from consideration. Of the two remaining finalists, one, ICMA-RC specializes in governmental deferred compensation plans and offered a competitive rate of 0.115% basis points per year. The other provider, Prudential, services both the public and private sector and proposed a cost of 0.19% per year. Fiduciary First renegotiated a lower administration cost to 0.13% per year to narrow the pricing gap. Based on the revised Prudential proposal, both service providers are financially competitive for employees.

The proposed costs from both providers are now competitive and in line with the market place based on the plan’s assets and demographics. The providers were then evaluated on other factors, such as, ability to provide ERISA-like best practice standards, ease of use of web-based technology as a savings/education tool for staff, commitment to growing the plan to the
benefit of all plan participants, and responsiveness to employer service needs. Based upon these additional factors, and heavily weighing the recommendation of Fiduciary First, the Fiduciary Committee recommends the selection of Prudential as our new retirement plan record-keeper.

There will be a 3 month transition from Empower to Prudential. The effective date will be October 1, 2018.

**Recommended Action:**
Adopt resolution 2018-xx approving Prudential as the record-keeper for the City’s employee retirement plans and authorize the City Manager to negotiate the terms and conditions of the contract.

Subject
RESOLUTION 2018-XX RELATING TO DETERMINING THE NECESSITY AND PUBLIC PURPOSE FOR THE ACQUISITION OF PROPERTY BY EMINENT DOMAIN OR THROUGH NEGOTIATION FOR THE OLD KINGS ROAD NORTH WIDENING PROJECT

Background:
As part of easement and right of way acquisition process for the Old Kings Road widening project, funded by FDOT, the City of Palm Coast attempted to obtain agreements with 19 properties along the corridor.

The City has successfully negotiated with several property owners along Old Kings Road to obtain the required rights-of-way and easements. However, in order to accomplish the OKR Widening project improvements, the City needs to acquire additional rights-of-way and easements from five more property owners who refuse to accept our offers.

The following property still needs to be obtained and will be included in the eminent domain process:

1. Parcel 826, Kingswood Property LLC $ 8,500.00
2. Parcel 823, 2 Old Kings Road LLC $ 8,800.00
3. Parcel 824 Circle K Stores $ 25,000.00
4. Parcels 102/802 First Coast Energy $ 113,200.00
5. Parcel 809 Kings Colony HOA $ 13,100.00

TOTAL $186,600.00

Acquisition of these rights-of-way and/or easements is necessary for the planned widening of the existing pavement to accommodate drainage improvements and driveway connections. Negotiations have stalled with the above mentioned property owners and legal has advised to proceed with the eminent domain processes. This resolution will allow the City to continue negotiations, but provides a mechanism for acquisitions should negotiations fail.

RESOLUTION 2018-XX APPROVING A CONTRACT WITH THE FLORIDA DEPARTMENT OF CORRECTIONS FOR AN ADDITIONAL INMATE LABOR WORK CREW

Background:
The Public Works Streets and Drainage Division is responsible for the maintenance of roadways, swales and drainage ditches throughout the City of Palm Coast. Since January 2008, the Streets and Drainage Division has used an inmate labor crew of eight people provided through the Florida Department of Corrections to assist with the manual labor necessary to maintain a high level of service to the citizens of Palm Coast.

Our experience with these crews has been nothing but positive. They accomplish a great deal of work at very little cost to the City. While they are directly supervised by the officers from Tomoka Correctional Institute, they often work side-by-side with City crews. They have proven to be very effective with the drainage ditch clearing, roadside maintenance and other tasks.

Staff is requesting approval of a one year contract for a third inmate labor crew with the Florida Department of Corrections at the total cost of $65,122.00. This Contract shall become effective upon the establishment of the Correctional Work Squad Officer position referenced in Section II., B., 1, a. of the contract.

B. Contract Renewal

This Contract may be renewed for up to a three (3) year period, in whole or part, after the initial Contract period, and upon the same terms and conditions contained herein. The Contract renewal is at the Agency’s initiative with the concurrence of the Department. The decision to exercise the option to renew should be made no later than 60 calendar days prior to the Contract expiration.

II. SCOPE OF CONTRACT

A. Administrative Functions

1. Each party shall cooperate with the other in any litigation or claims against the other party as a result of unlawful acts committed by an inmate(s) performing services under this Contract between the parties.
2. Each party will retain responsibility for its personnel, and its fiscal and general administrative services to support this Contract.

3. Through their designated representatives, the parties shall collaborate on the development of policies and operational procedures for the effective management and operation of this Contract.

In the event a position becomes vacant, the Department shall make every effort to fill the position(s) within five (5) business days.

   c. For security and other reasons, the Department shall keep physical custody of the vehicle furnished by the Agency. Unless otherwise specified, the Agency shall maintain physical custody of all Agency trailers and all tools, equipment, supplies, materials, and personal work items (gloves, boots, hard hats, etc.) furnished to the Department by the Agency.    e. The Department shall be reimbursed by the Agency for the Department’s costs associated with this Contract in accordance with Addendum A. Once the Agency reimburses the Department for the costs reflected on Addendum A, Section II., these items will be placed on the Department’s property records, as appropriate, and upon the end or termination of this Contract such items will be transferred to the Agency.

j. The Department shall provide for medical treatment of ill or injured inmates and transportation of such inmates.

k. The Department shall provide inmates with all personal items of clothing appropriate for the season of the year.

c. The Agency shall ensure that all projects utilizing inmates are authorized projects of the municipality, city, county, governmental Agency, or non-profit organization and that private contractors employed by the Agency do not use inmates as any part of their labor force.

The Agency shall provide a primary method of communication that shall be approved by the Department’s Contract Manager, in writing, prior to assignment of the work squad. Depending upon the method of communication provided, the
Department’s Contract Manager may require a secondary or back-up method of communication.

All radio communication equipment owned or purchased by the Agency that is programmed to the Department’s radio frequency and used by the work squad(s), whether purchased by the Department or the Agency, shall be IMMEDIATELY deprogrammed by the Department, at no cost to the Agency, upon the end or termination of this Contract. Under no circumstances shall the Agency accept the return of radio communications equipment provided to the Department under this Contract until such time as the radio communications equipment has been deprogrammed by the Department.

At the end or termination of this Contract, the Department's Contract Manager will contact the Department's Utility Systems/Communications Engineer in the Office of Institutions to effect the deprogramming of radio communications equipment provided by the Agency.

a. Vehicle Mounted Radios:

The use of the cellular phone is not authorized for any purposes other than as indicated in this Contract.

Addendum A - INSTRUCTIONS

Inmate Work Squad Detail of Costs for City of Palm Coast
Interagency Contract Number W1141 Effective Upon Position Establishment

Section I. Costs in this section are determined each fiscal year by the Budget and Management Evaluation Bureau and are fixed. By entering the number of Officers required for this contract, the spreadsheet will automatically calculate the "Total Annual Cost" column. If this Work Squad is beyond the first year of existence, enter a zero (0) in the "Total Annual Cost" column for "Training/Criminal Justice Standards" after you have entered the "# Officers Multiplier".

Section II. Safety and environmental health procedures require safety measures such as the use of safety signs, vests, and clothing. The Department's procedure for Outside Work Squads requires that all Work Squad Officers be responsible for ensuring their squad is equipped with a first aid kit and a personal protection equipment (PPE) kit. Section II identifies such required equipment. A new squad must be sufficiently equipped and an on-going squad must be re-supplied when needed. Type in the number of squads used for this contract and the spreadsheet will automatically calculate the fixed annual expense of $750.00 per squad and place the total in Section VI.

Section III. Check "Yes" or "No" to indicate whether a Cellular Phone with Service and/or an Enclosed Trailer is required by the Contract Manager.

Section IV. The Department's procedure for Outside Work Squads requires that they have at least one (1) primary means of direct communication with the Institution's Control Room. Communication via radio and/or cellular phone is appropriate. It is preferred that a backup, secondary means of communication also be available. It is the Agency's responsibility to provide them. If the Department purchases a radio(s), the Agency must fund the purchase at the time the Contract is signed. Check the box for the type of radio and fill in the Per Unit Cost for the type of radio, Number of Units, and Total Cost columns. Leave the Total Cost column blank if a radio(s) is not being purchased at this time. Check applicable boxes ("Bill to Agency", "Provided by Agency" and "Already Exists") for each radio. **NOTE:** All radio communication equipment owned or purchased by the Agency that is programmed to the Department's radio frequency and used by the work squad(s), whether purchased by the Department or the Agency, shall be IMMEDIATELY deprogrammed by the Department at no cost to the Agency upon the end or termination of this Contract.

Section V. The total funds the Agency must provide at the time the contract is signed will be displayed here when the form is properly filled out.

Section VI. The total funds the Agency will owe contractually, and pay in equal quarterly payments, will be displayed here.

Section VII. The total funds associated with the Contract, to be paid by the Agency as indicated in Sections V. and VI., will be displayed here.

Section VIII. Any agreement in this area will be billed separately as charges are incurred.
