Subject RESOLUTION 2022-XX APPROVING AN INTERLOCAL AGREEMENT FOR PUBLIC SCHOOL FACILITY PLANNING

Presenter: Jason DeLorenzo, Chief of Staff

LEGISLATIVE

Background:

The City of Palm Coast entered an Interlocal Agreement (ILA) between the School Board of Flagler County, the Flagler County Board of County Commissioners, City Commission of the City of Bunnell, and the City Commission of the City of Flagler Beach for Public School Facility Planning in 2008. The School Board and Local Governments are required to enter into this Agreement pursuant to Sections 163.31777, 1013.33, and 163.3177(6)(h)3., Florida Statutes, to jointly establish the specific ways in which the plans and processes of the School Board and Local Governments are to be coordinated. The benefits of the ILA are to recognize joint mutual obligations for the appropriate planning of educational facilities and recognize the benefits that will flow to the citizens and students of Flagler County by more closely coordinating their comprehensive land use and school facilities planning programs.

The ILA established a Working Group consisting of staff of the School Board and the local governments whose purpose is to facilitate the planning of educational facilities on behalf of the governing bodies of the parties to the ILA. The working group meets at least once a year and will make recommendations to the Oversight Committee.

The Oversight Committee consists of representatives from the School Board and the governing bodies of the Local Governments that monitor the implementation of the ILA. The Oversight Committee is comprised of three delegates of the School Board and two delegates from each of the governing bodies of the Local Governments. The Oversight Committee reviews the Annual Report of the Working Group and makes policy and technical recommendations to their respective governing bodies regarding the implementation of the ILA. Mayor Alfin and Council Member Klufas are the Palm Coast representatives for the Oversight Committee.

On September 8, 2022, the Oversight Committee approved the attached interlocal agreement for consideration and ratification by each participating government. Changes include:

- A schedule for mitigation payments when required
- Dollar for Dollar impact fee credit to educational impact fees will be issued via voucher at the time of actual payment of proportionate share mitigation
- Local Planning Agencies and Capacity Reporting
- Shared Use of Facilities
- Safe Paths to School Program

Subject	RESOLUTION 2022-XX OCEAN VILLAGE MASTER SITE PLAN-APPLICATION #5143	
Presenter: Jordan Myers, Environmental Planner, CFM		
<p>Background: A Master Site Plan (AR#5143) has been submitted by the Applicant for Ocean Village, a proposed 416-unit multi-family community located on 45.82 +/- acres along the north side of State Road 100 and west of Colbert Lane.</p> <p>The applicant submitted a Master Site Plan for 416 units across seven buildings. Three of the buildings will be four-story and four of the buildings will be three-story. There will be a clubhouse with a pool and other amenities. In addition, there will be a dog park and multiple walking trails throughout the project. The property has 4 conservation easements that are preserving a large portion of the site.</p> <p>Since the number of units is above the 100-unit threshold, the Master Site Plan is considered a “Major” (Tier 3) development, requiring review and recommendation by the PLDRB followed by review and final determination by the City Council. If the City Council approves the Master Site Plan, the applicant will follow with a Technical Site Plan application that will require administrative review of detailed engineering drawings. The Master Site Plan process recognizes that up to 25% cumulative design changes may be allowed after further engineering.</p> <p><u>Public Participation:</u> A neighborhood meeting was held on August 17, 2022, at the Hilton Garden Inn, 55 Town Center Boulevard. No citizens attended this meeting.</p> <p>The PLDRB heard this item on September 20, 2022 and voted 6-0 to recommend approval to City Council.</p>
